PRESS RELEASE

STATEMENT ON THE FATAL SHOOTING INCIDENT AT SEFWI SAYERANO, JUABOSO DISTRICT

Wednesday, 8th July, 2026

The Western North Regional Peace Council has received, with deep concern, reports of a fatal shooting incident that occurred on Tuesday, 7th July 2026, at Sefwi Sayerano in the Juaboso District of the Western North Region.

The Western North Regional Peace Council wishes to state as follows:

- The Council extends its deepest condolences to the families of the deceased and wishes the injured full and speedy recovery.
- The Council calls for a thorough, fair, and objective investigation into the incident.
- The Council passionately appeal to the Chiefs, Elders, Opinion Leaders, and all residents of Sayerano and its surrounding Communities to remain calm and law-abiding, and to allow the appropriate institutions to complete their investigations.
- The Council strongly advises parties involved against any acts of reprisal, vigilantism, or further destruction of property, as such actions will only worsen the situation and undermine the pursuit of justice.
- The Council commends the Traditional Authorities and Community Leaders who have worked to restore calm since the incident, and encourages continued dialogue between the Police, the Community, as well as other Stakeholders.
- The Council will continue to monitor developments and engage relevant State Institutions, Traditional Authorities, and Community Representatives to ensure that peace is sustained in the area.

The Western North Regional Peace Council reiterates its commitment to the promotion of peace, security, and harmonious relations between security agencies and the communities they serve, and will not relent in its efforts to collaborate with all peace-loving people to ensure that lasting peace is restored to Sayerano and the wider Juaboso District.

May God grant speedy recovery to the injured, eternal rest to the deceased and consolation to the bereaved families.

Signed:

Most Rev. Samuel Nkuah-Boateng
Regional Chairman
Western North Regional Peace Council
